# Shibexlocker Feature

## LIQUIDITY POOL LOCKER

internally and externally audited smart-contracts securely lock your LP tokens for any customized duration you specify.

## TEAM TOKEN VESTING

Vest your team tokens for any customized duration. Similar to the Locker, the tokens are placed into a smart contract and only accessible to withdraw after the vesting period.

# Shibexlocker Benefit :

## 0 1 Buyback & Burn

50% of fees generated from services on the platform go directly to Staking, Buyback and Burn.

## 0 2 Discount Fee

Users and teams paying for platform services using shibexlocker will be given a discount.

## 0 3 Security Tools

More security tool implementations will require holding a certain number of shibexlocker to access.

## 0 4 Launchpad Soon

Our own shibarium launchpad will coming soon.
